7 November 2023

Dear Parents and Guardians,

At Cornerstone College, we strive for academic excellence and we have your child's education at heart. We want every learner to reach his/her full potential. We have integrated the **Purple Mash** Computer Programme into the Grade R – 7 syllabi.

Purple Mash is an online computerised programme that teaches computer skills, such as coding, 3D design, animation, online safety, exercises for English, Mathematics and Science, etc. It is a cross-curricula resource packed with open-ended creative tools and themed curriculum resources. It is a learning platform that can be accessed at school and at home.

The annual cost for **Purple Mash** is R80, all inclusive.

With this exciting and constructive intervention, we hope to witness improved results!

Yours in quality education,

MS M DE LANGE
